

## CV Marie-Emilie Terret

Born Jan 3<sup>rd</sup> 1977, 2 kids (2008 and 2011).

Current position (since 2017): Group Leader, DR2 INSERM. ORCID: 0000-0001-5843-925X

### Education

- 2014: HDR, Sorbonne Université, Paris.
- 2004: PhD with Marie-Hélène Verlhac, Sorbonne Université, Paris.
- 2000: Magistère, Molecular and Cellular Biology, ENS de Lyon, Lyon.

### Previous positions

- 2009-2017: CIRB, Collège de France, Paris, Staff scientist in Marie-Hélène Verlhac's lab.
- 2004-2009: Memorial Sloan Kettering Cancer Center, New York, Post-doc in Prasad Jallepalli's lab.

### Teaching

#### **Lecturer in several master courses in Paris since 2013**

- Sorbonne University, «Normal and pathological development: genetic and cellular aspects».
- Cochin Institute, «Cell differentiation».
- Ecole Normale Supérieure/Curie Institute/Pasteur Institute, «Cell Biology» since 2018.

#### **Invited lecturer for several international PhD programs and workshops**

- MiFoBio 2018, the school of Functional Microscopy in Biology (Seignosse, France, October 2018).
- EMBO workshop Physical biology of morphogenesis (Cargèse, France, September 2018).
- International course on Developmental Biology & Cancer (Curie Institute, Paris, France) since 2017.

### Awards

- 2023: Nature award for Mentoring in Science.
- 2019: Prize Young Researcher Bettencourt-Schueller received by Isma Bennabi, my PhD student.
- 2015: 18th Thesis Prize from Le Monde; Prize Young Researcher Bettencourt-Schueller; 65th Lindau Nobel Laureate meeting alumni. Received by Agathe Chaigne, my PhD student.

### Meetings

- 40 invitations to international meetings (Gordon meetings, EMBO meetings, Jacques Monod conferences, International Titisee Conferences..). 10 invited seminars in France and abroad (A\* Star, Cambridge, Mc Gill...).
- Co-organization of 6 meetings (Forces across scales Porto 2023, Mifobio, From gametes to embryo 2023, GDR AQV).

### Institutional responsibilities, commissions of trust (extracts)

- Member of the commission CSS1 of the INSERM (2016-2021), member of the CNRS RIPEC 3 CID 54 committee (2023).
- Member of an HCERES committee (Curie Orsay) in 2019.
